In this issue of the ADVOCATE appears the list of the young ladies who have been nominated in our big Atlantic City Contest. A number of candidates who were nominated just before going to press with this issue will be named in our next issue.

In this issue we are publishing for the first time the free vote coupon which when filled out counts ten votes for any candidate. Cut these out and deposit them in the big box in the ADVOCATE office. These coupons count the same as cash subscriptions.

Talk about going some—the way these pretty contestants in the ADVOCATE's great Atlantic City contest are starting would certainly bring joy to the hearts of some of these politicians in the fall election. It would make most of them sit around and feel glad. Truly, a faster, cleaner race was never seen around these parts. Starting off as it is with a bunch of the prettiest and most popular girls to be found anywhere, and girls, too, who have proven themselves wonderfully evenly matched in popularity.

No greater success than the ADVOCATE's big Atlantic City Contest has already achieved over this section would be possible. It is now the general topic of conversation in most every home. The girls who have thus far been nominated are among the most popular in this section of Kentucky.

The contest manager is here and would be glad to give contestants any information desired about the big contest. There is no guess work about this contest. We are running this on business principles, in charge of a man who has made other contests a success.

THERE IS STILL TIME TO ENTER THE CONTEST. Any young lady who is thinking of entering the contest should do so THIS WEEK.

The whole town and surrounding country are talking about nothing but the big contest. In stores, in offices, in every place frequented by the general public the sole topic of conversation is the ADVOCATE's election. "What will be the result?" and "Who will be the winners?" are the questions heard continually on the streets. And the fact that almost every young lady in the list in each district has been picked to win makes the fight all the more exciting.

The princely honors awaiting the young ladies are certainly worthy of the efforts of the pretty contestants. Never before were seen such splendid awards placed before the girls of a city and presented to them, for the mere proof of their popularity, before the public. That the young ladies of this city are quick to appreciate a golden opportunity when they see it is readily seen. Where is the young lady of the whole country, who would not like to come to the office on the eve of the final count and hear her name called out as one of the five most popular

On Thursday and Friday of last week the Stanton ball club met in deadly battle with the Frenchburg team at the latter's park. The Stanton boys put up a high class article of ball, but could not match the mighty slugging and errorless fielding of the Frenchburg boys. Friday's game ended in victory for the Frenchburg team by the score of 15 to 0. Russell, pitcher for Stanton, was ineffective, while Armitage held the Stanton sluggers at his mercy all the way, there being only one mensley hit scored off his delivery. Batteries: Stanton, Boone, Russell and Skidmore; Frenchburg, Armitage and Armitage.
